

## INTRODUCING **THE MINOTREK™**

### NEW TYPE A OPTION. NEW OPPORTUNITIES.

Better fuel economy. Lower transportation costs. Legendary quality. Turns out you can have it all. Thomas Built Buses has partnered with Trans Tech to offer the best of all worlds: a new Type A bus with Trans Tech's fuel-efficient innovations and the renowned quality, safety and reliability of Thomas Built Buses. The new narrow body Minotrek carries up to 20 passengers while delivering big-bus safety and durability, making it ideal for schools, childcare centers, churches, activity centers and youth organizations. Built on a Ford chassis, the aerodynamic Minotrek is available with a gasoline engine. Expect it all. Then get it. Discover the Minotrek, the new option that drives new opportunities. Available only from Thomas Built Buses.

### FEATURES & BENEFITS

#### SAFE

- Maximum driver-visibility
- Pan-formed galvanized steel floors protect against crashes
- Ergonomically designed control panel
- Driver airbags and 3-point safety belts
- 4-wheel anti-lock disc brakes
- AdvanceTrac® with Roll Stability Control (RSC®)

#### EFFICIENT

- Signature aerodynamic design provides industry-leading fuel economy
- Proprietary lightweight components reduce unnecessary weight
- Mechanic-friendly engineering makes it easy to service and get parts
- Electric system is engineered to be efficient and easy to service

#### TOUGH

- Pan-formed floors made from 14-gauge galvanized steel increase strength and inhibits corrosion
- Bolted safety-cage provides enhanced crash protection
- Floors are engineered to repel water and protect structural integrity

#### VERSATILE

- Trans Tech proprietary Versa-Track® seating system allows operators to easily move seats while providing maximum safety
- Engineered for easy maneuverability, comfort and operation
- Optional auxiliary power source provides additional flexibility

### BODY SPECIFICATIONS

- **SRW:** 138" Wheelbase  
Capacity: Up to 16 Passengers
- **GVWR:** 9,500 lbs.
- **Engine:** 3.5L V6 PFDI  
Gasoline Engine
- **DRW:** 138" Wheelbase  
Capacity: Up to 20 Passengers
- **GVWR:** 10,360 lbs.
- **Engine:** 3.5L V6 EcoBoost  
Gasoline Engine

### TRANSMISSION

- 10-speed automatic overdrive with SelectShift®

### CHASSIS & SUSPENSION

- **Steering:** Tilt and telescopic column steering wheel
- **Front Suspension:** Independent MacPherson strut and stabilizer bar
- **Rear Suspension:** Leaf springs and heavy-duty gas shock absorbers
- **Brakes:** 4-wheel anti-lock disc brakes

### INTERIOR

- **Headroom:** 74"
- **Width:** 80"
